

International Urban Cooperation

Fostering Sustainable Urban Development on a global scale

Sub-plenary:

Ensuring that the energy transition really is just, and not just about energy

Community Planning through an Equity and Climate Lens

Melissa JORT-CONWAY, Planner, Ottawa (Canada)

CHALLENGES FACED

MANAGING GROWTH

- Transect approach
- 15-minute neighbourhoods
- Supporting larger households
- Prioritizing sustainable modes

ENERGY AND CLIMATE

- Accelerating action
- Scale of investment required
- Regulatory barriers
- Conflicting priorities

HEALTHY AND INCLUSIVE COMMUNITIES

- Designing communities to be walkable, accessible, affordable and safe
- Prioritizing efforts for vulnerable populations

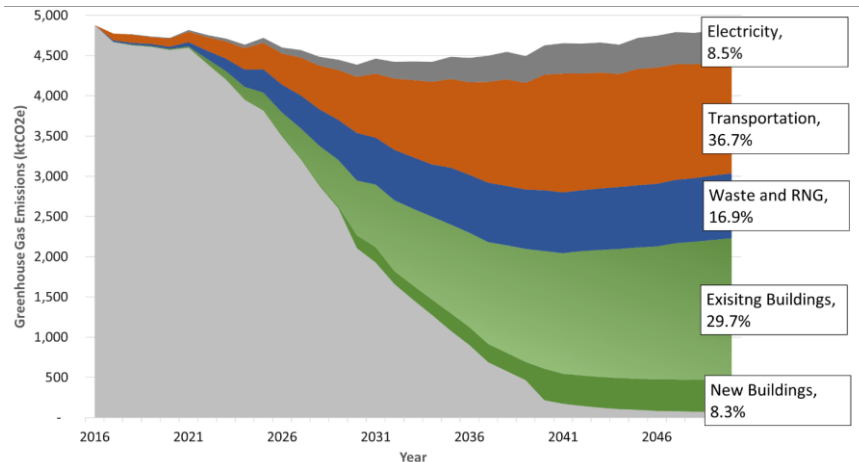

SUSTAINABILITY

- Protecting our resources
- Local economic growth
- Innovation

SOLUTIONS IMPLEMENTED

New Official Plan

Plans

- Draft Official Plan
- Climate Change Master Plan

People

- Municipal leadership
- External Ambassadors

Projects

- Six key sectors / 20 projects
- Equity and inclusion lens

LESSONS LEARNED

CHAMPIONS REQUIRED

- All sectors
- Internal and external

MOBILIZE RESOURCES

- Leverage existing opportunities
- Get ahead of future opportunities

BREAK DOWN BARRIERS

- Legislative
- Advocacy strategy

MEANINGFUL COLLABORATION

- Multi-disciplinary approach
- Work toward common goals

BUILD ON SUCCESS

- Great teams support one another
- Capitalize on each other's strengths
- Look for opportunities to expand

MAINTAIN MOMENTUM

- Education is key to build support
- Work / life balance and burnout
