

INTERNATIONAL URBAN COOPERATION

C1: COOPERATION BETWEEN CITIES (LA & EU): **PEREIRA, CO = PORTO, PT**

PEREIRA & PORTO

Visit of the city of Pereira in Porto, May'18

Visit of the city of Porto in Pereira, Oct'18

OBJECTIVES OF ACTION PLAN

Project 1: Multipurpose Cadastre in Pereira– towards an Urban Platform.

- **Updating of cadastral basis**, 100% coverage of city areas;
- Establish an **open data platform** that allows harmonization of different data sources (land; transit; environment; others).

Project 2: Observatory of Urban Mobility in Pereira.

- **Smart transport management** in all geographic sectors of the city;

Project 3: Como Vamos Porto.

- Creation of an independent `citizens` feedback system;

MILESTONES FOR RESULTS

- Project 1: Multipurpose Cadastre in Pereira- towards an Urban Platform.
 - Creation of permanent mechanism for **updating of cadastral information.**
 - Different areas of urban management integrated in **one geo-referenced system.**
- Project 2: Observatory of Urban Mobility in Pereira.
 - Creation of an **integrated system of transport management**, supported by hardware and software.
- Project 3: Como Vamos Porto.
 - Operational basis for an institutionally independent **`citizens` feedback system** to understand the citizen's perception about public services, policies and quality of life.

- **Expected results and impacts**
 1. Improved revenues = **more funding** for development
 2. Improved traffic flow and increased safety = **more efficiency**
 3. Institutionalised feedback by citizens = **improved municipal strategy & services**

KEY ACTIONS

- **Project 1: Multipurpose Cadastre in Pereira- towards an Urban Platform.**
 - **Assessment of needs, design of operational system, management system, monitoring and regular updating of system.**
- **Project 2: Observatory of Urban Mobility in Pereira.**
 - **Assessment of needs, design of operational system, establishment of management system, monitoring and regular updating of system.**
- **Project 3: Como Vamos Porto.**
 - **Learning from Pereira, design of indicator system, creation of independent management system, monitoring and regular adjustment of system.**

Projects	Local Govt Pereira	Local Govt Porto	National Govt	Private Sector	EU & International Cooperation
1	150,000 Euro/ year	--	To be determined	To be determined	Staff exchange. Others TBD
2	(365,000 Euro) / year	--	To be determined	To be determined	Staff exchange Others TBD
3	--	(100,000 Euro) / year	To be determined	To be determined	Staff exchange Others TBD
Totals					

TIMELINE

STEPS	2018	2019	2020	
PREPARATION				
FUNDING MOBILIZATION				
APPROVAL OF FUNDS				
IMPLEMENTATION				

LESSONS LEARNED

- Problematic for continuity: **High fluctuation of members of city teams.**
- Problematic for planning of actions: **Aspirations go beyond existing IUC-support.**
- Availability of external funding: **Funding options unknown, more support required.**

CONCLUSION & RECOMMENDATIONS

- **Extend period of support to cities from 18 months to 24-36 months.**
- **Provide more comprehensive support to cities** (more exchange visits, internships, consultant support).
- **Consider creating a Seed Fund** for well designed projects.
- **Private sector contributions.**

THANK YOU
